

BACK TOGETHER (IRL)

VERSE 1

I'm gonna kick up a little fuss
About the distance between us
Living my life online
Man, it seems that sometimes
We are not connecting very well

VERSE 2

I'm gonna crank up the level
And pedal down to the metal
Throw the window open
Cause I got my hope pinned
On the greatest story we can tell
When we're back together IRL

BRIDGE 1

Funny how we're closer divided
Feeling like forever apart
We can be amazing
In the world we're facing

CHORUS 1

When you look
At the odds of our days getting better
Maybe they've never been so good

Are the odds of our days getting better
Stronger than ever

When you look
At the odds of our days getting better
Maybe they've never been so good

BRIDGE 2

Funny how we're closer divided
Feeling like forever apart
We can be amazing
In the world we're facing

Oo

HOOK (Repeat 4 times.)

We can hang out online
We can jam in real time
'Til we're back together IRL

SHOUT

One! Two! One! Two!

CHORUS 2

When you look
At the odds of our days getting better
Maybe they've never been so good

Are the odds of our days getting better
Stronger than ever

When you look
At the odds of our days getting better
Maybe they've never been so good
